

SmartSapp

If there was more
you could do
to protect me,
wouldn't you ?

There is a hard truth that today's parents have to face – schools can no longer be considered as the safe havens for children that they once were. Keeping children safe while ensuring a positive learning environment has become challenging for many school administrators who must consider all sorts of threats and dangers, including kidnapping. As a caring parent, the minimum you can do is to make sure your child is safe at school. Knowing the challenges, you face, one parent has come up with a solution dubbed SmartSapp that works, and offers great peace of mind.

Your Child's Security in School

A parent's innovative solution

Child Security, Parent Convenience, Smarter Schools

The Solution

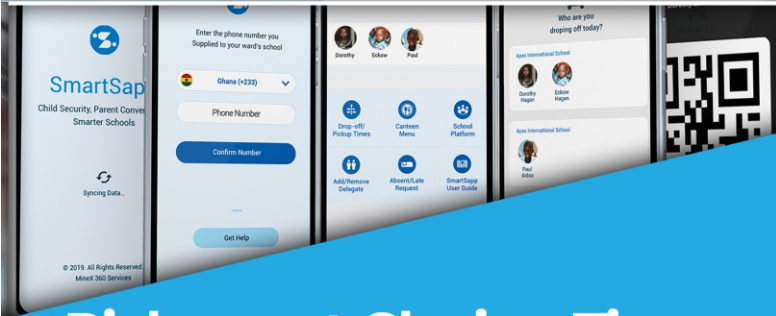

SmartSapp is a multifaceted application which focuses on child-security. SmartSapp ensures the safety of your ward in school during periods where school security is most vulnerable (opening & closing times). In the chaos of parents dropping off and picking up their wards, SmartSapp ensures that clandestine minds are not able to harm your ward, while simplifying processes and procedures involved in parent-school relations

Early Morning Drop-offs

Starting your child's school day should be quick and easy, without compromising on your child's safety. With SmartSapp you can drop off your ward in less than 30 seconds Guaranteed! In the event that your child is running late or will be absent, SmartSapp allows you to conveniently notify the school. The process is smart and simple, saving you precious time in the mornings to carry on with the rest of your day.

Pickups at Closing Time

Undoubtedly, one of the most vulnerable times of the day for your child's safety is when school closes; Your child may walk away with any familiar face; but a familiar face isn't necessarily safe. A large percentage of kids are kidnapped or abused by those they know. With SmartSapp the process is securely coordinated. A parent or delegate's identity is electronically verified as authorised to leave with your child. Unauthorised individuals will not be allowed to leave the school premises with a child.

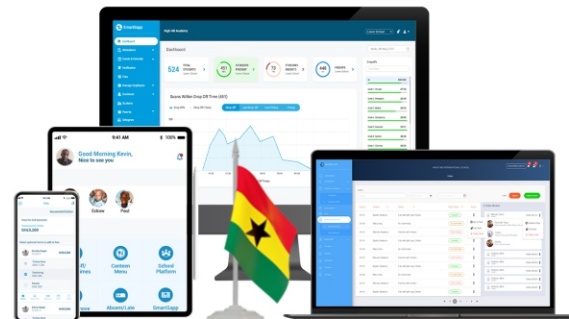

School Dealings

SmartSapp offers so much more through several innovative tools that makes parents' life more convenient. Parents can keep track of their child's academic achievements and conduct in school, manage healthcare, easily schedule appointments with teachers and school administrators and also stay up to date on all necessary information, amongst other things. There's also the added benefit of being able to pay your child's fees and buy their school supplies online.

All these features work together to save you precious time and money, with the ultimate benefit of safeguarding your child's well-being.

Using SmartSapp

SmartSapp is fully operational on any laptop, tablet or smart phone and is easy to install. You don't need to have any special technical skills to use it. Feedback from parents like you and SmartSapp schools is used to continually enhance our platform so that we can always give you our absolute best.

Get on Board

Only parents with wards in schools signed up on the SmartSapp network will be able to enjoy the peace of mind that comes with it. Speak to your ward's school today about SmartSapp and we'll be glad to give a free live demonstration so you and your ward's school get to see how everything works, first-hand. Find out more through any of our contact means below and take the first step to making your child's school safer, smarter and simpler.
