DIGITALIZING TO SERVE YOU BETTER

A woman with curly hair and a young child with curly hair are lying on a wooden floor, drawing on white paper with pink markers. The woman is smiling and looking at the child. To the left of the image, there is a large, semi-transparent graphic element that looks like a digital interface or a mobile app screen. It features several circular icons: a smartphone with a video camera, a person using a computer, a network connection, a document with a checkmark, and a power outlet. The background of this graphic is a gradient from teal to yellow.

School Canteen just got better

TAKE CHARGE

of your Child's nutrition while they are in school

It's extremely important as a parent to ensure a balance between what your child eats in school and what you give them at home. This will enable you to achieve the balance in diet that your child desperately needs to develop and achieve their full potential in life. SmartSapp provides an easy and interactive platform where you can select meals to be served to your child or indicate any known allergies to the school canteen. Where your school serves only one meal a day to all students, you are kept up to date with what is being served each day to enable you to vary what you serve at home.
